EXPERIENCE

JSpiders | Java Full Stack Development Trainee | Bengaluru, India

Feb 2026 – Aug 2026

- Completed 7 months of Java Full Stack Development training, gaining hands-on experience through practical programming and project-based development.
- Built backend applications using Spring Boot and Hibernate across 3+ mini projects, implementing REST APIs, CRUD operations, and MySQL integration.
- Developed web interfaces using HTML, CSS, and JavaScript for full-stack project integration.

EDUCATION

JNNCE, Shivamogga

CGPA: 8.28

B.E. in Electronics and Communication Engineering, VTU

2022 – 2026

SAV Composite PU College

Percentage: 91.5%

Class 12, Karnataka Board of Pre-University Education

2020 – 2022

Government High School, Aralihalli

Percentage: 89.92%

Class 10, Karnataka Secondary Education Examination Board

2020

PROJECTS

QR Code Based Health Record System | Spring Boot, Spring Security, JavaScript, MySQL | [Website](#)

- Built role-based authentication and endpoint authorization using Spring Security for four application roles.
- Developed REST APIs with Spring Boot and Spring Data JPA for patient and medical record management using MySQL.
- Implemented QR-based patient identification using ZXing with webcam scanning and digital Health Card generation.

FoodHub - Food Ordering Application | Spring Boot, MySQL, REST APIs, HTML, CSS, JavaScript | [Website](#)

- Developed REST APIs for customer, restaurant, menu, order, order-item, and payment management using Spring Boot.
- Implemented role-based authentication with BCrypt password hashing for Customer and Restaurant users.
- Designed JPA entity relationships and validation logic for orders, payments, quantities, totals, and status transitions.

Bank Management System | Java, Spring Boot, MySQL, REST APIs, HTML, CSS, JavaScript

- Developed REST APIs for bank, account, and address management using Spring Boot and Spring Data JPA.
- Implemented banking validations and JPA entity relationships with MySQL for structured data management.
- Built deposit, withdrawal, and fund transfer operations with business rules and exception handling.

TECHNICAL SKILLS

Languages: Java, SQL

Frontend: HTML5, CSS3, Basic JavaScript

Backend & Frameworks: Spring Core, Spring MVC, Spring Boot, Spring Data JPA, Hibernate, Spring Security, REST APIs

Database: MySQL, Oracle SQL

Tools: Eclipse IDE, VS Code, Maven, Postman, MySQL Workbench, Git, GitHub

Concepts: OOP, Collections Framework, Basic Data Structures & Algorithms, Multithreading

CERTIFICATIONS

Java Full Stack Development | JSpiders
