Experience

JSpiders

Java Full Stack Development Trainee

Feb 2026 – Aug 2026

Bengaluru, India

- Completed 7 months of Java Full Stack Development training with hands-on experience in Java and Advanced Java.
- Developed 3+ projects using Spring Boot and Hibernate, implementing REST APIs, CRUD operations, MySQL integration, and application business logic.
- Built functional web interfaces using HTML, CSS, and JavaScript for application development.

Technical Skills

Languages: Java, SQL

Frontend: HTML5, CSS3, Basic JavaScript

Backend & Frameworks: Spring Core, Spring MVC, Spring Data JPA, Spring Boot, Spring Security, Hibernate, REST APIs

Database: MySQL, Oracle SQL

Tools: Eclipse IDE, VS Code, Maven, Postman, MySQL Workbench, Git, GitHub

Concepts: OOP, Collections Framework, Basic Data Structures & Algorithms, Multithreading

Projects

QR Code Based Health Record System | Spring Boot, Spring Security, JavaScript, MySQL | Live Demo

- Built role-based authentication and endpoint authorization using Spring Security for four application roles.
- Developed REST APIs with Spring Boot and Spring Data JPA for patient and medical record management using MySQL.
- Implemented QR code generation and patient identification using ZXing with webcam scanning and digital Health Card generation.

FoodHub - Food Ordering Application | Spring Boot, MySQL, REST APIs, JavaScript | Live Demo

- Developed a full-stack food ordering application enabling customers to discover restaurants, browse menus, manage carts, and place orders.
- Built restaurant workflows for menu management, incoming order processing, and order status updates.
- Implemented secure role-based authentication with BCrypt password hashing for Customer and Restaurant users.

Bank Management System | Java, Spring Boot, MySQL, REST APIs, HTML, CSS, JavaScript

- Developed REST APIs for bank, account, and address management using Spring Boot and Spring Data JPA.
- Designed JPA entity relationships and implemented validation rules using Hibernate with MySQL.
- Implemented deposit, withdrawal, and fund transfer operations with business validations and exception handling.
